

nutrapure™

Certified Organic Coating

From Core to Coating, *Naturally* Your Supplier of Choice™

nutrapure™

Certified Organic Coating

NutraPure™ is the first and only complete coating, composed entirely of plant-based, Certified Organic, food ingredients that are Non-GMO Project Verified and allergen free. It is the ideal aqueous-based, fully formulated system to improve the appearance and performance of dietary supplements, as well as providing a non-animal derived alternative to shellac-based food glazes.

Consumer-Friendly Product Label Ingredients

- USDA Certified Organic by Quality Assurance International
- Non-GMO Project Verified, plant-based ingredients
- Vegetarian — No animal or animal derived components
- Kosher and Halal Certified
- Non Allergen — Free from gluten, wheat, eggs, soy, nuts, yeast, or dairy content
- An exceptional coating system from our current ISO9001 certification and SQF Level 2 certified manufacturing facility

Ease of Coating

- An aqueous-based alternative to animal-derived shellac systems
- Easy preparation — ready to coat in 45 minutes or less
- Easy-to-apply using standard film coating equipment and processes

Exceptional Glossy Finish

- Easy-to-swallow coating
- Prevents dusting and improves slip during packaging
- Enhances the natural appearance of your dietary supplement table

Build a preferred brand image and stand out from the competition.

Deliver consumer focused healthcare products — with Colorcon

Choose Colorcon, leader in pharmaceutical and nutritional solid dose solutions, as your preferred partner, from core to coating. Our innovative products and service capabilities originate from two main areas of expertise:

Film Coatings:

- Optimized formulations specifically for your consumer product and regulatory needs
- Label friendly ingredients, non-synthetic customized colors and unique color matching
- Innovative products for mechanical integrity, gloss, pearlescence, and environmental protection
- Brand enhancement concepts, consulting and services to build a strong brand image and stand out from the competition.

Formulation Technologies:

- Full range of label friendly functional excipients
- Technologies for development and production of modified release tablets and multiparticulates
- Technical support service and proven applications to save you development time and money

From formulation and tablet design through product differentiation and branding, Colorcon gives you everything you need to deliver high-performance, consumer focused healthcare products.
